# Avaintoimijat Tanskan terveydenhuollon IT toiminassa

**MedCom is a non-profit organisation financed and owned by The Ministry of Health, Danish Regions and Local Government Denmark.**

**MedCom facilitates the cooperation between authorities, organizations and private firms linked to the Danish healthcare sector:**

- **developing standards and profiles regarding exchange of health care related data**
- **supervises and monitor the national technical and organizational implementation of the standards/profiles**
- **is responsible for testing, certification and labelling of Health IT systems**

The kitchen at **Den Lille Fede** is the playing field of the chefs. Inspired by the **New Nordic Cuisine**, creativity is unleashed, new ideas are brought to life and tested every day which often leads to new combinations and methods.

\*Redfish, dashi with fermented celery, seaweed & black fungus\*

\*Duck, Jerusalem Artichoke & burned hazelnut\*

\*Free range pig, King Oyster Mushroom, ramson sauce & mushroom marmalade\*

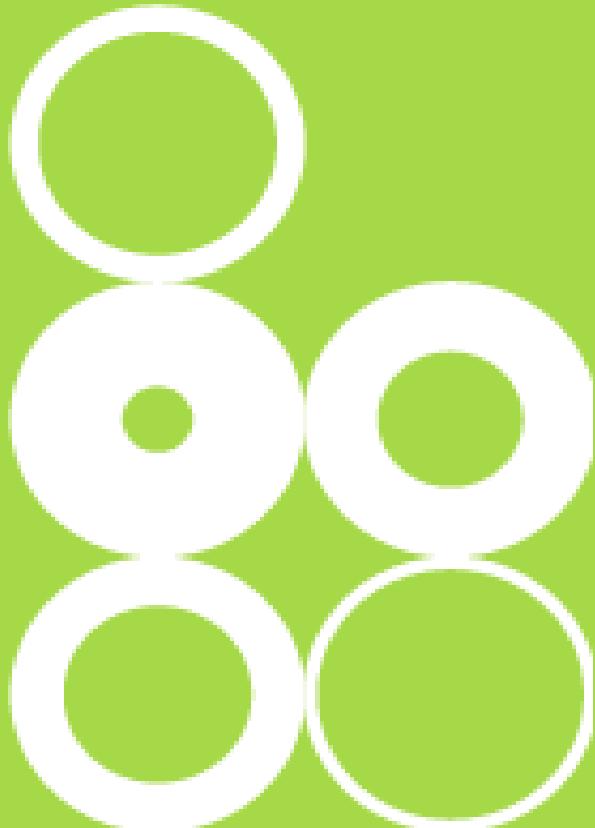

\*Fried Danish brie from Funen, walnut & black currant\*

# The 5 regions

# DANISH REGIONS

**Vi har behov for  
en ny kurs for  
det samlede  
sundhedsvæsen**

# Gentofte Hospital

# The Healthcare Platform in the Capital Region and Region Zealand in Denmark

# The Healthcare Platform in Eastern Denmark

## Herlev and Gentofte Hospital 2015 numbers

Staff 6.460

Ambulatory 845.308

Discharges 98.152

Beds 911

Budget 662 million dollars

## The overall vision

Make it easier and better to be a patient

Make optimisation of the hospitals and the healthcare system easier and based on facts

Make life easier for health care professionals

## Four major improvements

1. Better treatment and better patient care pathways

2. Involvement of patients

3. Easier work routines

4. Better planning and support for decisions

# Finance: investing in better health

**EUR 94 million** allocated to the Healthcare Platform by Region Zealand. The Capital Region of Denmark expects to spend **EUR 286 million** This includes...

- EUR 139 million for acquisition and support of the system
- EUR 147 million for internal costs;  
e.g. training and instruction.

# PÅSKE I TIVOLI

## Påskeæg, tulipanløg, får, lam og underholdning

Fra den 6.-17. april står Haven klædt i tusindvis af blomster i påskens farver. I området foran Pantomimeteatret bliver du mødt af 24.000 blomstrende tulipanløg i farverne gul, orange og lilla, mens du længere inde i Haven kan nyde duften af forår og en stor hyacintmark foran H.C. Andersen Slottet.

Plænen bugner af Rasmus Klump-pandekager, biksemad, lune sandwich, det fineste påskepynt og boder, hvor du får inspiration og tips til kreative påskedekorationer med hjem. Alt imens børnene stiger lystigt op i karrusellen og kigger på de små påskefår og lam, der har slået sig ned på græsset.
