

Health, social services and regional government reform

Markku Heinäsenaho Senior Advicer Ministry of Health and Social Services

# **Social and health care structure in Finland**

- Primary health care by municipalities
  - Health centres incl. dental care
- Secondary health care by hospital districts owned by the municipalities
- Tertiary health care by university hospital districts (5) owned by the municipalities
- Social services by the municipalities
- Occupational health
- Private sector
- Non-govermental organizations

# Current status of Finland's social and health services

- We have a growing need for services especially among the ageing population.
- Access to services varies in different parts of the country.
- Our costs are rising
- Over 300 communities provide health and social services – each in their own unique way.

#### CORNERSTONES OF THE REFORM OF HEALTH AND SOCIAL SERVICES

In future, your county will be responsible for ensuring that you receive the health and social services you need.

SERVICES ARE INTEGRATED

Service packages are adjusted to your needs.

You receive care and services when you need them.

FREEDOM OF CHOICE INCREASES

You can choose yourself where to get your services.

You have more possibilities of influence. You can choose a publicly or privately owned service.

E-SERVICES
- INFORMATION
FLOWS

Online services provide comprehensive information and various services (for example online doctor consultation).

Your own information flows smoothly between different service providers. INCREASE OF COSTS IS CURBED

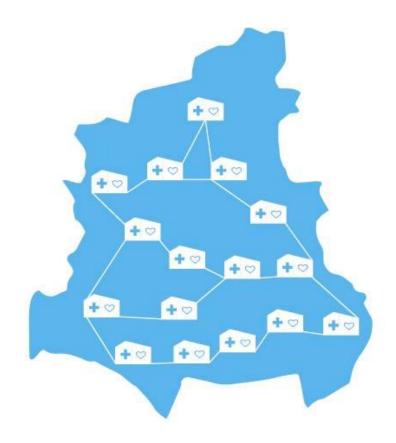

Cost increase can be curbed by using tax revenues more efficiently.

## One operator

#### **COUNTY:**

- Will organise and finance health and social services from the beginning of 2021.
- Will ensure that services form integrated packages offered on equal basis, close to clients and based on the population's needs.

#### CORNER STONES OF CLIENTS' FREEDOM OF CHOICE

STM 24/10/20

## HEALTH AND SOCIAL SERVICES CENTRE AND DENTAL CLINIC

Clients will choose a public or private health and social services centre and a public or private dental clinic.

CLIENT CARE PLAN

The client chooses where he/she uses their health and social services voucher and personal budget.

## UNINCORPORATED COUNTY ENTERPRISE

Clients may choose between the unincorporated county enterprises and their units. The unincorporated county enterprises offer social services and specialized health services.

ASSESS-MENT OF THE CLIENT'S NEED FOR SERVICES

CLIENT CARE PLAN

#### **SERVICES VOUCHER**

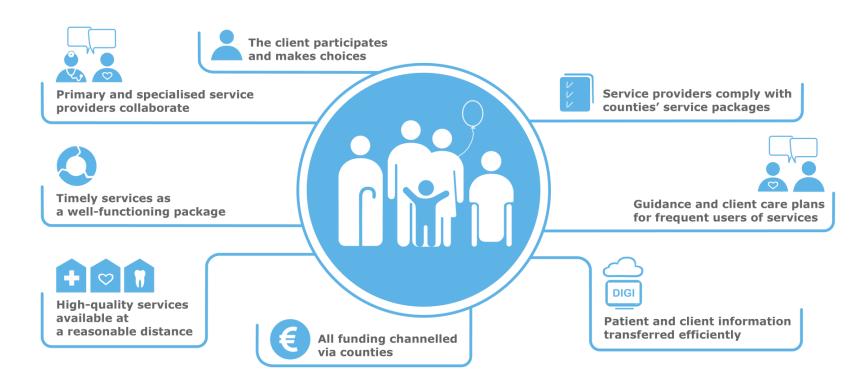

for example home help service or an operation in a hospital

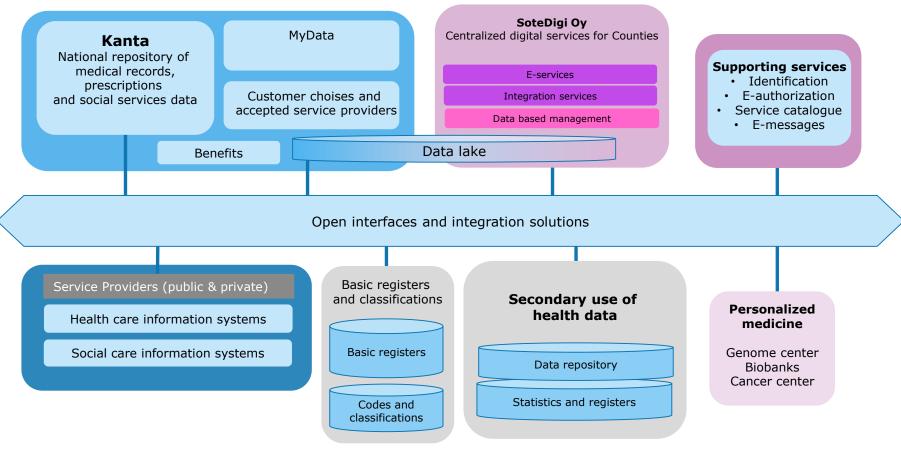

#### PERSONAL BUDGET

services for people with disabilities and for older people

#### **SERVICE INTEGRATION**
